

Ch. 1 FRQ

Directions: First define the term/concept using complete sentences, and then apply the term/concept to the prompt. Each term/concept should have its own paragraph. Each paragraph should be 3-5 sentences each. Attach this sheet to your written (blue or black pen only) response. Errors in format will result in a deduction of points.

Prompt: On page 9 of the textbook, above the heading “Developmental Psychology,” the author asks the question, “How do you know what is edible and what isn’t?” Answer this question from the perspectives of the different subfields of psychology as presented on pages 9 through 11 (Developmental Psychology to Social Psychology).

- Developmental psychology
- Learning and Motivation psychology
- Cognitive psychology
- Biological psychology
- Evolutionary psychology
- Social-Cultural psychology
