KAREN JOHNSON

Karen Johnson is a critical member of our staff and distinguishes herself in the many roles she fills on our campus. Through her work with attendance, counseling, intervention, students at risk, and discipline, KJ is a key leader and truly makes Clovis North a better place through all her efforts. Every student and employee benefits from the amazing work KJ does here!

KAY BARRIE

My January Employee of Distinction is Kay Barrie. She is greatly appreciated for stepping up in the CN department chair position. She goes above and beyond. She organizes the placement exams for both GR and CN science, and is leading conversations with teachers in the registration process. She truly cares about each student on this campus and wants to be sure students are placed appropriately. She does all of these things with a smile on her face! Thank you Kay!

ADAM BERRY

Adam is such an asset to our CNEC math department! His willingness to take on an extra section of Math Tutorial this year, when we needed it, did not go unnoticed. Whenever there is a student in need of additional support, Adam is always willing to take on another student in his class without any complaint. He builds a strong rapport with his students, and he works overtime to do what is best for kids. Thank you for all that you do, Adam! We appreciate you!

MISTIE BURROW

Mistie Burrow goes beyond the call of duty every day with a smile. Not only does she have two Learning Directors to keep organized she also keeps the busyness of the special education department each morning. On a typical day you will find Mistie finding sub coverage, letting the Department Leads know what IAs are available and/or out, and running down to the parking lot to give Covid tests. Mistie goes out of her way to take items off her LD's plate and is always the first to help with school wide events. Mistie also provides a welcoming office for many of our students that need a smile, joke and words of encouragement and she knows everything about many of our students in our Functional Life Skills programs and goes out of her way to make sure each student is smiling and laughing. The Silverado Departments are truly lucky to have Mistie.

AMY GRANNIS

Let it be known that Amy Grannis is a class coverage machine! Not only does she say yes anytime she's asked to cover during 7th period, but she actually starts her day by checking to see if there are any openings. Needless to say, this has made her very popular with the folks in the Laredo Office. We couldn't make it through the week without her! Amy is also a great teacher. Anyone who has been in her classroom will tell you that it is warm, neat, and inviting. Her lessons are also engaging and actively involve students in the construction of new knowledge. All things considered, we are very fortunate to have Amy as a part of our team. Thanks for all you do, Mrs. Grannis. We appreciate you!

JULIE HAVENS

Julie is a great representation of what it means to be a BRONCO! Her love for teaching and doing right by her students is evident in her daily interactions. I have witnessed on numerous accounts both inside and outside the classroom, how Julie cares for students and staff. Julie has also been one of many, to give up her time to help with class coverage. We appreciate you and thank you for all you do!

JILL LAWLEY

Jill Lawley's work ethic and commitment to CNEC is second to none. Whatever the problem, whatever the situation, Jill finds solutions with a positive attitude and a smile. Jill goes out of her way to create an encouraging environment and will always help anyone she encounters. Jill is always willing to accept any challenge with an infectious smile and some fruit snacks. Thank you for all you do to keep this ship moving in a positive direction. You ROCK!!

HEATHER LINGENFELTER

Heather Lingenfelter is what you want all teachers to be. Heather is a leader that is a worker that is an example to her peers. During this unrepresented time of open jobs and finding class coverage, Heather has handled this flawlessly. Heather is so proactive in her approach to leading her department, many times I find out about things after they have already been resolved. Heather has great relationships with her peers and is respected by them. Heather has taken on so much extra burden and hasn't even blinked.
