The community of the Clovis North Educational Center believes in the importance of a strong and vital junior high and high school. Its booster group, The Bronco Foundation, is governed by a strong representation of the community, composed of parents, staff, community members, and the CNEC

Principal. Throughout the year, hundreds of volunteers, parents, students, staff and local businesses, help the school and our member groups to fulfill their goals. Please feel free to stop by the Foundation table at Walk-Through Registration to introduce yourself. You may contact us at broncofoundation@gmail.com.

We are excited to feature the talented "Killer Dueling Pianos" as our entertainment this year! Over 500 parents, staff, and other supporters attended last year, and we anticipate this fall's Stampede to be a sellout! Join us on Saturday, October 2, 2021. Tickets can be purchased at the [RevTrak Online Web Store](#). Sponsorship opportunities are also available.

CSF and CJSF - The California Scholarship Federation (CSF) for High School students and the California Junior Scholarship Federation (CJSF) for Middle School Students exists to promote and recognize high standards of scholarship service, and citizenship on the part of students in California Schools and is considered to be a state honor society. The majority of the required membership points must come from University of California accepted course work.

Upon graduation from high school, those seniors who have been a member of CSF for four semesters or more in their sophomore, junior, and senior year (one semester is required to be in their senior year) will be declared CSF Life Members. Life Members earn a gold Seal on their diploma, which is recognized by most colleges and universities throughout the nation. Students will be honored at a formal banquet prior to graduation and will also be recognized at their graduation ceremony by wearing a gold cord commemorating their CSF Life Membership. Each year, colleges and universities throughout the United States award scholarships to CSF Life Members.

Applications will be available from the CSF Advisor, Lisa Bennett, or in the CNEC Main Office. Membership dues are paid per semester for all grades at the beginning of each eligible semester. Report cards and dues must be presented to the CSF advisor to confirm grades and classes approved by the California Scholarship Federation, within the first four (4) weeks of each new semester. No applications will be accepted past the four-week deadline.

PARENT CONNECT

Parent Connect is the web based program that is used in the Clovis Unified School District and at Clovis North Educational Center. Parent Connect gives access to a student's academic progress and attendance throughout the school year. We encourage all parents to utilize the Parent Connect system.

- **How do I get connected?** In order to access Parent Connect, a Personal Identification Number (PIN) is needed. The PIN is issued through the school. The PIN and a password grants access into Parent Connect. The program can be accessed itself through the Clovis

North home page. Easier access can be gained for future visits by bookmarking the web address on your computer.

- **Do I need a different PIN and password for each student I have at CNEC?** No. Once in the program, a different student can be selected.
- **Is my PIN from last year still valid?** Yes.
- **What if I forget my PIN and Password?** Go to the Parent Connect Log On page then click on the link “Need Your Login Information?” Type in the email address on file with Clovis Unified and click Submit. If the email address entered matches what is on file, an email with the login information will be sent.
- **How do I check grades?** As a parent, you have access to your student’s most current grade in each of his/her classes. Once an assignment is completed and scored by a teacher, it is entered in the Assignments section of Parent Connect.
- **Can I check my student’s attendance records?** Yes. Parent Connect is linked to the Clovis North/Granite Ridge attendance system.

Surviving the First Week of School

The very first week of school is not typical compared to most other weeks of the year. Special situations associated with the beginning of school will often create difficulties for students, especially for students new to the campus. We believe that if you follow the suggestions below, the first week of school will go smoothly for the student.

LUNCH - All student lunches are free to the student body for the 2021-2022 school year.

COUNSELORS - Counselors will be available on or about August 6th and through the first weeks of school. You may call 327-5056 for an appointment.

TRAFFIC REGULATIONS - Parents/guardians and students need to drive and park with extreme care, especially the first two weeks of school. Traffic enforcement will be in place on the streets around school and citations will be issued when appropriate. The most common violations include speeding, double parking to pick-up or drop-off students, jaywalking and illegal turns. Specific information regarding parking, pick-up and drop-off areas for students may be found on our CNEC website.
