- CATALYST Academy: <https://sites.coecis.cornell.edu/catalystacademy/> Deadline March 1<sup>st</sup>.

# **Gettysburg College**

## **SUMMER PROGRAMS**

- [Camp Psych](#) - Campers will get hands-on experiences that introduce them to research in psychology during this fun, challenging, and engaging introduction to the field.
- [Sunderman Piano Institute](#) - Pianists 12-17 years old who desire to improve their performance skills, collaborate with other pianists, and dive deeply into related music subjects of their choice. Pianists will have opportunities to perform in daily studio class, and the final Friday concert will showcase pianists in both solo and ensemble works.
- [Writing Camp](#) - Students gain an in-depth introduction to all four genres of creative writing: fiction, poetry, nonfiction, and writing for stage and screen.
- [3D Object Modeling and Printing Camp](#) - Students will study 3D object modeling and printing starting with the basics of a 3D printer. After learning the fundamentals, they will practice designing objects.
- [Coding for Robotics & Electronics Camp](#) - Students will gain hands-on experiences in coding, wiring, hardware, and building robots through the open source software known as Arduino. Throughout this camp, campers will learn basic electrical engineering, the physics behind electricity, and how to think like a scientist.
- [Civil War Institute Summer Conference](#) - The High School Student Scholarship component of Gettysburg College's annual Civil War Institute summer conference provides high school students an opportunity to explore the history of the Civil War era on the site of the war's most decisive battle.

# **John Cabot University**

## **SUMMER AP PROGRAM**

John Cabot offers Institutes in Art History, European History and World History at our campus in the historic center of Rome. These week-long Institutes are a unique opportunity for participants to develop effective teaching strategies for these three AP\* subjects in the inspiring context of the Eternal City. The AP\* Summer Institutes are endorsed by the College Board and led by experience AP Consultants.

The Institutes' dates and the links to download the respective flyers are:

- APSI in [Art History](#): July 8-12, 2019
- APSI in [European History](#): July 8-12, 2019
- APSI in [World History](#): July 15-19, 2019

# **Stevens Institute of Technology**

# **Stanford**

*Deadlines for our summer programs are in February, with some early round deadlines in January. Admission is selective. Limited financial aid is available*

- [Stanford Summer Arts Institute](#) students in grades 8–11 come together for a three-week intensive interdisciplinary arts program offering academically rigorous, hands-on courses in art, visual design, and music.
- [Stanford Summer Humanities Institute](#) students in grades 10 and 11 explore the big questions at the heart of the humanities in seminars led by distinguished Stanford professors during this three-week residential program.

- [Stanford Pre-Collegiate Summer Institutes](#) allows students in grades 8–11 to engage in single-subject intensive study selected from a wide range of disciplines, and benefit from small class size and academically themed residences.
- [Stanford AI4ALL](#) invites young women in grade 9 to apply to this three-week residential summer program. Participants learn about topics in AI, partake in ongoing research at Stanford, and receive mentorship from professors, graduate students, and industry professionals.
- [Stanford University Mathematics Camp \(SUMaC\)](#) students participate in a highly-selective program centered around lectures, guided research, and group problem solving in advanced math topics. This four-week program is intended for an elite group of talented students in grades 10 and 11.
- [Stanford Pre-Collegiate University-Level Online Math and Physics](#) offers 13 courses throughout the year, including a summer term for high school students, grades 9–12. Students earn Stanford University Continuing Studies credit.

Learn more about Stanford Pre-Collegiate Studies programs here: <https://spcs.stanford.edu/programs>.

## **Rensselaer Polytechnic Institute**

[Rensselaer Polytechnic Institute](#). PREFACE is a summer program for talented students who have been historically under-served in the areas of science, engineering and the technological fields, and who express a strong, early interest in pursuing careers in these areas.

- This year's program will take place **Sunday, June 23, through Saturday, July 6** on the Rensselaer campus in Troy, NY.
- The PREFACE Program is for students who will be in either the 11th or 12th grade in the fall. Interested candidates should review the information on the [PREFACE website](#) and complete the online application.
- Completed applications must be submitted by 11:59 p.m. EST on March 15, 2019.

## **Destination Advantage**

Explore Our Summer Program
