WHAT IS THE TRANSITION PROGRAM?

The Transition Program is part of a district wide effort to support student achievement. Our founding superintendent, Dr. Floyd Buchanan, believed in "fair break for every kid". We hold to that ideal and to the idea that all kids can learn. As an educational team, we want to see every student reach their potential in mind, body, and spirit.

The Transition Program allows us the opportunity to focus on students who might not seek out support but would benefit from mentoring and an increased connection to school resources. We will provide students with the resources they need to be successful in the classroom, at home, and in the community.

"Every child deserves a champion – an adult who will never give up on them, who understands the power of connection, and insists that they become the best that they can possibly be."

-Rita Pierson
